

A PRIMROSE DOES PAY! WHAT GOOD IS SKIMMILK?

WHEN fed with corn, it will raise almost twice as many pigs to market weight in just about half the time and with about half the amount of corn than when corn is fed alone. It will raise just as good a calf as whole milk at from one-third to one-fourth the cost. When fed to chickens, it increases the production of eggs nearly one-third over grain alone. But it must be fed warm and sweet with the animal heat still in it. The only way to save all the butter fat and produce skimmilk in the proper condition for feeding is to use a cream separator.

If you have no separator or if your machine is old, now is the time to buy a new and thoroughly up-to-date primrose that saves all the butter fat and makes money for you every day in the year. Come in and see us, or telephone us. We will be glad to bring a machine to your home and demonstrate it.

ATTRACTIVE AMERICAN LEGION DISPLAY

Oliver Gulick, window decorator for Gulick & Son clothing Store, has arranged a very attractive American Legion display to advertise the Gray-Lhevinne concert to be given at the Rialto Theatre March 22.

The specimens for the display were furnished by Henry Long and Tom Feehan. The flag in the center of the display belongs to Mr. Gulick and it was shot full of holes the day the armistice was signed by the celebrators. In front of it are three guns belonging to the Walford Anderson Post American Legion.

Tom Feehan contributed to the display two handsome vases fashioned by him from French 75 shells. The work on them is very skillful. He also decorated smaller shells. Henry Long furnished a German belt, taken by him from a German soldier. He also had some vicious looking knives which he had fashioned from pieces of shrapnel.

Other articles on display included an American gas mask, German and American helmets, German, French and Russian rifle clips, French 77, German machine gun shells, German dum dums, American hand grenade and American Legion burial salutes.

THE TEST THAT TELLS

Is The Test Of Time. Many Monett People Have Made This Test.

Years ago this Monett citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Monett reader demand more convincing proof? It's Monett testimony—it may be investigated.

Felix Tucker, retired, 303 6th st., says: "I was troubled for three years with bladder and kidney complaint. The kidney secretions were too frequent in passage and I had backache and pains in my head. Nothing relieved me until I took Doan's Kidney Pills. They helped me in a short time and I am strong and well and feel that Doan's have cured me."

Mr. Tucker gave the above statement October 29, 1911 and on January 28, 1920, he added: "I have had no need for a kidney medicine since I last recommended Doan's Kidney Pills. I am glad to confirm all I said in my former statement."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tucker had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

RESENTS MIS- INFORMATION

James Doyle protests against a news item printed in the Bonnie View items in regard to an alleged party held at his home recently. Mr. Doyle says: "In your last issue it stated on a certain occasion at my home, 'dancing was indulged in to a late hour'. That is not true. There was no party here at that time, much less dancing. This is the season of Lent and we are at least faithfully trying to observe it."

The Times tries to maintain a reputation for reliability and correspondents should be careful to send in nothing but actual facts. The editor of The Times considers it a very poor joke to use the columns of this paper as a means to play a trick on someone and requests that no items be sent in which are not according to the facts in the case.

HIGH SCHOOL NOTES

A meeting of the High-school faculty was held Monday afternoon. The president and one other member of each class were in attendance. Plans were made for a carnival, the purpose of which is to raise funds. Our athletes, musicians and orators will be sent to Springfield this spring.

Members of Mr. Engleman's junior English class handed in their orations Monday. The seniors will hand in their orations next Friday. The students have become very interested in their orations and been very careful in writing them, and some very creditable orations have been the result. A committee of teachers will be selected immediately and they will select the best orations, regardless of who their author is, for none of the orations will have the name of the author on it. The writers of these orations will enter an oratorial contest. The contest will probably be held during the first week of April, and will be judged by men from Springfield. As such a large number of excellent orations are being handed in, we know that students who win the contest will be the winner at Springfield. The Inter-High school contest will be held at Springfield, April 29.

Effron Henderson, Raymond Lips and Herschel Medlin were visiting here Tuesday morning. They are attending the State Teachers College in Springfield, but they were here to attend the funeral of their former class mate, Scott Owens.

Paul Wilson and Carrol Donlavy were the delegates respectively of the senior and junior classes. Tom Steele and George Reed were the delegates of the sophomores and Prof Engleman attended as the representative of the faculty.

GOT A BAD COLD? TRIED EVERYTHING? GET THIS QUICK! Not A New Remedy; Not A Patent Medicine or Secret Nostrum.

There's no sense in suffering with a cold. Nature doesn't intend that you should. Every sneeze is one of nature's efforts to throw it off.

After you've used all the different things recommended by friends, after all has failed simply get a bottle of Nash's Croup and Pneumonia Salve (30 cents or 60 cents) from your druggist and use according to directions. You'll get relief at once and a quick cure probably.

You see Nash's Salve is made of Menthol, Camphor, Oil of Pine, Oil of Sassafras, Oil of Eucalyptus, etc., in a base of petroleum. Every ingredient is a healer and none is harmful. Directions tell you to rub it on chest freely (does not stain clothing) and to melt a little in a spoon and inhale. We also recommend that you take a bit of it the size of a pea in the mouth and swallow as it melts.

Nash's Croup and Pneumonia Salve is fine for head colds, chest colds, croup and pneumonia; it also works wonders in treatment of asthma, bronchitis, etc. Keep it in the house all the time. Sold by Logan D. McKee.
